(Left to right) Patrick "Kit" Bobko (Mayor, Hermosa Beach), Lt. Tom Thompson (Acting Captain, Hermosa Beach PD), Georg Olsen (Sales Manager, U.S. Armor), Cary Bichlmeier (President, Bichlmeier Insurance), David Carmen (VP Products and Marketing, CSE Insurance), Deputy Sherrick McDaniels (VP, Sheriffs and You Foundation), Richard Saxton (KNX Radio), Chief Joe Leonardi (Redondo Beach), Sgt. Donald Martinez (Medal of Valor Recipient).

The Civil Service Employees (CSE) Insurance Group, in partnership with U.S. Armor Corporation, Sheriffs and You Foundation (SAY) and Bichlmeier Insurance Services, presented the *Vests for the Best 2013* at the recent Fiesta Hermosa, Saturday, August 31 in Hermosa Beach, CA. CSE Insurance Group recognizes that law enforcement dedicates their lives to protecting their communities and the citizens that live in those communities. They planned this event to give something back to these individuals in appreciation of all that they do to protect us and our communities.

What they chose award was 18 upgraded ballistic armor vests from local body armor manufacturer, **U.S. Armor Corporation**. Now, 18 officers will enjoy a brand new U.S. Armor Enforcer XLT vest at a IIIA

Threat Level. These vests will protect these officers from all handgun threats even up to a .44 Magnum. This unique armor package is the thinnest, lightest and most heat-resistant vest that U.S. Armor offers. These officers will now experience a reduced level of heat stress on the job, reduced fatigue, and a level of flexibility that will significantly add to their comfort and overall effectiveness in the line of duty.

U.S. Armor and CSE Insurance believe in supporting local southern California law enforcement officers and ensuring that they have the best equipment possible in order to perform their jobs safely, comfortably and effectively.
