

U.S. ARMOR

Ballistic Blankets

ONE OF THE MOST FLEXIBLE TOOLS AN OPERATOR CAN HAVE AT THEIR DISPOSAL. THIS BLANKET CAN BE USED TO EVACUATE CIVILIANS FROM A DANGEROUS "ACTIVE SHOOTER" SCENARIO, TO PROTECT AND COVER A FALLEN OFFICER WHILE BACK UP ARRIVES, OR USED TO ARMOR ANY AREA WHERE THE OPERATOR NEEDS ADDITIONAL PROTECTION; THE ONLY LIMITATION IS THE OPERATOR'S IMAGINATION/SITUATION. OUR BLANKETS CAN ALSO BE USED IN INDUSTRIAL APPLICATIONS WHERE PROTECTION IS NEEDED FROM POSSIBLE MACHINERY FAILURE.

FEATURES

BUILT-IN CHANNELS THAT CAN BE STIFFENED USING PRE-CUT PVC PIPES TO DEPLOY THE BLANKET AS A STATIC, HORIZONTAL SHIELD

HAND LOOPS PLACED AROUND THE PERIMETER OF THE BLANKET TO ENABLE A VARIETY OF SUSPENSION AND FACILITATE USE AS AN EMERGENCY LITTER

TOUGH DUPONT™ CORDURA® COVER TO RESIST WEAR AND TEAR

INTRINSICALLY SAFE NO METAL SNAPS, ZIPPERS, OR PARTS TO SPARK, FRAG, OR FAIL

MEASURES 72" X 48" (CUSTOM SIZES AVAILABLE)

100% DESIGNED AND MANUFACTURED AT OUR PRODUCTION FACILITY IN LOS ANGELES, CA
